

Proposal 3

I am the Author of Proposal 3 for lower Cook Inlet, summer saltwater King salmon management plan. 5AAC21.359

I would like to offer an amendment to proposal 3 as written, to read, if the commercial East Side set net fishery is open in upper cook Inlet central district, then the King salmon sport fishery in Lower cook along the beach from Deep Creek to Anchor point will also be open for harvest.

Thank You, Mel Erickson
